AHP 2008 Round A Opens – Applications Available

Bulletin No. 0806

March 11, 2008

The FHLBI is pleased to announce the opening of the first round of the 2008 Affordable Housing Program (AHP). **Approximately \$4.6 million will be available this round.** AHP can be used for the acquisition, purchase or rehabilitation of owner-occupied or rental housing for low- to moderate-income families. Since 1990, FHLBI has committed more than \$152 million in AHP subsidies. Below are some important reminders about the application process.

1. The application, instructions and all related materials are available on our website at <http://www.fhlbi.com/housing/ahprog.asp>.
2. Please read the 2008 Implementation Plan and attachments to understand program guidelines, requirements, scoring criteria and recent changes. The Plan can be downloaded at http://www.fhlbi.com/housing/imp_plan.asp.
3. **After the application has been discussed and approved by an FHLBI member financial institution**, complete the *Notification of Intent (NOI)* form and submit it by March 21, 2008. The NOI is not required but strongly encouraged.
4. Please plan to take advantage of all training opportunities, which include webinars, online [Helpmail](#) and Helplines. See our [Events](#) calendar and the application instructions located on our website for more information and participate in the type of training and technical assistance which is most convenient and helpful for you based on your experience level using the AHP.
5. The application and all required exhibits and attachments are due in our office by **5:00 p.m. EDT on April 17, 2008**. Applications not received by the deadline cannot be accepted.
6. Award announcements will be made on or about June 27, 2008. Monitor the web for updates.

We are looking forward to another successful round and thank you for your continued dedication. Please feel free to contact the Community Investment Department with any questions by calling 800-688-6697.

Sincerely,

Mary Beth Wott

Vice President and Community Investment Officer
